Registration is open until the start of level 13. This is an unlimited re-entry event. At the completion of level 12, players may forfeit their stack and re-enter for \$450. On Day 1B & 1C, the break after level 12 will be a 45-minute dinner break. Each Day 1 will reach the money once 12.5% remain, but will play down to 10%. Any player eliminated in the money, but prior to bagging, will receive \$675. Participants may play in all Day 1 flights. If a player survives more than one Day 1, only the highest chip stack will advance to Day 2 and only 1 bag will be paid. On Day 2, each player will start with \$500 in Bounty Chips – (2) \$250 Bountis. Upon eliminating another player, the winning player will receive all of the eliminated player's bounty chips; half will be added to the winning player's bounty stack (rounded up), while the other half will be banked and paid to the winning player. If two players tie for a hand and a third player is eliminated, the bounties will be split as evenly as possible with any odd bounty chip going to the player in worst position first. Day 2 blinds will begin at the lowest level at which play was halted during the Day 1 flights. Big blind posts the single ante each hand. The buy-in is \$450 (\$375+\$75).
